
Annual Report of Chemistry Department

Nutan Arts College, Rajapur

Academic Year: 2024–25

The Chemistry Department of Nutan Arts College, Rajapur, is pleased to present its annual report for the academic year 2024–25, summarizing the department's activities, achievements, and contributions.

Key Highlights:

1. Academic Performance:

The department maintained its commitment to academic excellence, delivering comprehensive lectures, hands-on laboratory sessions, and innovative teaching methods to strengthen students' understanding of Chemistry.

2. Faculty Achievements:

International Conference Participation: Four faculty members from the Chemistry Department participated in a prestigious *International Conference* during the academic year 2024–25. Their engagement in global academic discussions highlighted the department's dedication to advancing knowledge in chemical sciences and elevated the college's international presence.

3. Industrial Visit:

The department organized an educational *industrial visit* to *Sahyadri Agro*, located at A/p Mohadi, Taluka Dindori, District Nashik. This visit provided students with practical insights into industrial applications of Chemistry, fostering a deeper understanding of real-world processes and career opportunities.

4. Science Day Celebration:

The department enthusiastically celebrated *National Science Day* to commemorate the discovery of the Raman Effect by Sir C.V. Raman. The event included science exhibitions, quizzes, and guest lectures to inspire students and promote scientific curiosity.

5. Student Engagement:

Activities like group discussions also students participated in chemical exam.

6. Infrastructure Development:

The Chemistry laboratory was equipped with modern instruments, ensuring access to advanced facilities for experiments and research activities.
