7.1.2. The Institution has facilities and initiatives for

1. Alternate Sources of energy and conservation measures
2. Management of the various types of degradable and non-degradable waste
3. Water Conservation
4. Green Campus initiatives
5. disabled- friendly, barrier free environment

A Solar Panel has been installed on the third floor of the Nutan Art's College, for Pragatik Shikshan Santha's by which 200 MW of electricity is generated and that electricity is used to run various equipments in the College and the remaining electricity is distributed to the M.S.E.B. this saves the money of our Organization.

The Institution has provided the facility of Rain Water Harvesting in the College to ensure that Rain water is used properly and not wasted. Through this, the Rain Water falling on the roof of the College is collected and pumped into the ground with the help of pipes. This helps in increasing the level of underground Water and proper utilization of Water.

With the aim of maintaing the Environment in the College premises and increasing the beauty of the College, the organization has planted various types of trees in the area and also planted various types of medicinal plants in the College garden. It is useful for Science Students in College for academic studies.
